

the small guide that makes a big difference

Hopefully having the telephone and website info all in one place will make it a lot easier to find what you are looking for.

We are not endorsing any company or their services, just letting you know they exist.

This is not to say it is completely comprehensive or that we have managed to capture everything, but we have done our very best!

It can be so hard trying to find out what public or community transport is out there, so we thought we would put as much as we could find into this guide.

You need to get from A to B, but where do you start?

A bit about our handy little guide...

to getting out and about in the Harborough District

A 'pop it in your pocket' guide

Social Car schemes only operate because volunteers donate their time to the local community.

If you are interested in getting involved, phone your local scheme listed inside this guide.

Demand Responsive Transport

Run by Leicestershire County Council, these are pre-booked taxi or minibus services that only run when they're needed, taking passengers from more rural locations to nearby towns or villages with various facilities. They need to be booked in advance, and passengers will be charged a similar fare to a scheduled bus service.

A list of these services and instructions for booking are available from:
