the Village Hall.

The next meeting is:

Tuesday 10th May 2022 -
Annual Parish Meeting - 7.00pm
Annual Parish Council Meeting-7.30pm.

Parish Council Meetings are an
opportunity to hear what the Council has
been doing and for you, the electors, to
raise matters of importance that you wish
to be considered. Please do pop in!

Clerk: Alison Gibson – 07437 569934/
clerk@turlangtonparishcouncil.org.uk

www.turlangton-pc.org.uk

Councillors:

Cllr Tessa Bladon (Chair) - 01858
545303

Cllr Paul Officer - 01858 545717

Cllr Clare Staveley - 07891788059

Cllr Janine Haynes - 01858 545577

If you would like to be more involved in
the Village, the Parish Council is still
looking for a new Councillor. Please
contact the clerk for more information on
what is involved.

HRH Platinum Jubilee Commemoration

June 2nd to 5th is the weekend of the
Queen's Jubilee. Plans so far are for a
tree planting ceremony on Thursday 2nd
June , Picnic at the village Hall on Friday
3rd and The Crown will be putting on an
event on Saturday 4th.

Tree Planting

To commemorate this event, in the
southern green area, at the junction of
Shangton Road and Main Street, a tree
will be planted. The area is part of
Highways land, so the council have
approached Highways for approval. Due
to the existing infrastructure and size of
this area, the council believes it would be
preferable to have a smaller variety of
tree able to achieve full maturity, than the
original proposed oak tree. The council
are researching native long-lived small
tree varieties that can be planted.

Picnic

The Village Hall Committee are
organising a picnic at the Village Hall for
Friday of the Jubilee weekend. If you
would like to get involved, the preliminary
kick-off meeting is 6.30pm 28th April at
the hall.

Highway Funding

The parish council have applied and
been given a £5000.00 grant for Highway
Improvement Projects, from
Leicestershire County Council. This
money will be used for the purchase of
Mobile Vehicle activated signs that we
can locate around the village at speeding
hotspots.

Dog Fouling Update

Tur Langton has been added to the
Harborough District Council
environmental crime officer's patrol
routes. It appears most walkers are from
outside the village but they will continue
to monitor to check for any incidents of
owners not picking up after their dogs.
Please note that dog faeces may carry

parasites that can cause incurable
deadly disease in both cattle and sheep.

Village Produce Show

Are you a keen gardener or crop grower,
photographer or creator? A village
Flower and Produce show is planned for
the end of summer, so get planting,
painting, photographing, knitting and
dog training, for a variety of events!.

Nora Watts

Sadly Nora of Tur Langton passed away
on 8th April 2022 at the age of 97. Born
30th August 1924, she was a native of
the village. Her funeral service will be
1.30pm Wednesday 4th May at St.
Andrew's church.

Police Updates

There has been a significant rise in
Catalytic Converter Thefts thefts.
Typically hit cars are hybrid models such
as Toyota Prius, Auris, Honda Accord
and Jazz. The whole theft can be done in
as little as 60 seconds with a mechanics
creeper to slide under the cars and can
happen anytime day or night. The thefts
typically occur in supermarket Car parks,
as well as on driveways, street parking.
Advice on protecting yourself includes
parking your car in a garage or
somewhere that makes it difficult to
access underneath, such as near a wall.
Installing CCTV that covers your car.
You can also have a marking kit fitted for
free as part of your next MOT. For more

advice and to find a list of participating garages which will mark your vehicle for free go to www.leics.police.uk/CatConTheft

There has been a spate of vandalism of recently planted community trees in Burford Green and Broughton Astley. Police are asking if anyone with information email them.

A public book of condolence is being established via the force website, for former Chief Constable Simon Cole QPM, of Kibworth, who sadly died at the end of March, shortly after retiring having served in policing for 30 years.

The Harborough and Lutterworth Police newsletters are available in full on the Parish Council Website.

Walks around Leicestershire

Time to get walking again!

At this time of year we start to think about the mud drying up and getting out to walk in the beautiful English Countryside again, but where to find new and interesting walks?

Walking in Leicestershire <https://www.walkinginengland.co.uk/leics> has hundreds of walks to download and print, free, it also has books of walks, details of all the walking groups in the county and much more. Whether you want to walk on your own or with a group all the information is there in one place. Walking in Leicestershire (part of the Walking in England website) has brought it together in one place so whether you are walking from home, or away on holiday, you will be able to find a walk suitable for you'.

With walks from half a mile to twelve miles plus long, and a note of suitability for pushchairs and wheelchairs, everyone can find a walk to enjoy.

So home or away, check out the websites and get walking!

Village Hall Bookings

The Village hall can be booked from the Council's website: turlangton-pc.org.uk/village-hall-booking

Stepping into Spring (with your best shoes on!)

Osteopaths care about all of you, from the top of your head to the tips of your toes. It's almost time to pop those trusty winter boots away and step into lighter footwear - thank goodness!

It can be really tempting to go for less supportive footwear, however this is often not the best environment for our feet – especially if feet are sore/arthritis/suffering from an injury.

Emily always looks at her patient's shoes – it tells her so much about them biomechanically. She can get an insight into how they walk, weight-bear and if they weight-bear equally through their legs. You can tell a lot from looking at your shoes and checking if one shoe is more worn than the other, as well as if the shoe is right for them, for example is the shoe fitting correctly.

What all feet have in common is that they are an incredible biomechanical structure; they have 26 bones, lots of ligaments, and they take the weight of the body all day as well as absorbing ground force as we move. So, with this in mind it is only fair that we give our feet a good environment to work in. Wearing the 'wrong shoe' or unsupportive shoes can lead to a host of problems throughout the body. Ranging from foot pain and knee pain, to lower back pain, muscles in the legs getting tight and sore, the consequences can be far reaching.

For more information on choosing the best summer footwear please read our Blog <https://kibworthosteopaths.co.uk/blog>
Emily Coombes (B'Ost), Registered Osteopath (7416) 07761664325.
