Subject: Re[4]: Tur Langton Village Hall

Hi Lee,

Good to meet you this morning.

I've attached the pdf of the architects drawing. The roof tank room isn't shown unfortunately, but someone can get up there and measure it if required. Let me know.

Send me through the quotes for the variations as discussed:

- 1) Fascia - supply and install PVC or ply fascia's **Removal of existing Supply and Fix 280mm Girth PVC Fascia's and Bargeboards in white £3,445.00 + VAT**
- 2) Removal of tank room and infill **Removal of existing Tank (Any mechanical services by others??)Supply and fix New Joists to match existing and Plywood Deck £1,500.00 + VAT**
- 3) Extra-over for the tapered insulation for the front flat roof area **Supply and fix Tapered insulation £990.00 + VAT (Area allowed for on attached drawing)**

4) Guttering and downpipes **£890.00 + VAT**

If you can keep these as separate variations that will help us to approve and instruct them. I will also send through the Pre-Commencement information with details of the necessary insurances, etc, and the asbestos report when it becomes available.
