Dear Alison  
Re: **Grass Cutting Contract For Tur Langton.**

It was good to talk with you today regarding the Contract. Further to our conversation, I am pleased to supply the following proposals.

Our aim is to work closely with our clients to form a close working relationship. By doing this we can fully understand your requirements, creating a bespoke solution for exterior Ground Care.

To supply Experienced Operatives and equipment to carry out the following.

- To cut the grass of the parish of Tur Langton as per Contract
- Two cuts per month(weather Permitting)
- We propose to use a Ride on mower which leaves the grass clippings situ.

The cost to supply the above service would be £562.50 + VAT per calendar month

I hope the above meets with your approval. Please do not hesitate to give myself a call if you would like to discuss the above proposals in more depth

Assuring you of our best attention at all times.

*Yours Sincerely*

Adam Bateman  
Contract Manager
